SUBJECT: Valley College of Medical Careers Vocational Nursing Program –
Reconsideration of Provisional Approval; Consideration of Request to
Admit Students (Director: Carol Williams, West Hills, Los Angeles, Private)

On November 10, 2011, the Board placed the Valley College of Medical Careers Vocational Nursing Program on provisional approval¹ for the two-year period from November 10, 2011, through November 30, 2013. That action was taken due to the program's noncompliance with Section 2530 (l) of the Vocational Nursing Rules and Regulations.

The program was required to bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate. Additionally, the program was directed to admit no additional students unless approved by the full Board. The Board specified that the program shall demonstrate incremental progress in correcting its violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's approval. Reconsideration of the program's status was scheduled for November 2013.

On November 22, 2013, the Board extended the program's provisional approval for the period from December 1, 2013 through February 28, 2014. Further, the Board denied the program's request to admit a class of 20 full-time day students on January 21, 2014, graduating on May 8, 2015, to **replace** the day class that was scheduled to graduate September 20, 2013. The program was required to obtain and submit for Board approval clinical facility sites sufficient to provide clinical experience in Maternity Nursing consistent with the approved instructional plan; **and**, required the program to submit a

¹ Prior to January 1, 2012, references in article 4 of the Vocational Nursing Practice Act and article 4 of the Psychiatric Technicians Law provided that the Board accredits all vocational nursing and psychiatric technicians programs. Pursuant to Business and Professions Code Sections 2883 and 4532 (Senate Bill 539, Chapter 338, Statutes of 2011), **accredit** was changed to **approve**. There was no change to the Board's authority or jurisdiction.

clinical rotation calendar verifying the scheduling and completion of Maternity Nursing experience for the enrolled students that is consistent with the approved instructional plan. The Board directed placement of the program on the February 2014 agenda for reconsideration of provisional approval

The program requests Board approval to admit a class of 20 full-time day students on May 19, 2014, graduating on August 18, 2015, to **replace** the day class that graduated December 20, 2013.

History of Prior Board Actions

(See Attachment A, History of Board Action)

Enrollment

The program requires approval by the Board prior to the admission of students into its 60-week full-time course of instruction. The pattern of admissions for current classes is seen in the enrollment table below.

The following table represents **current and proposed** student enrollment based on the current and proposed class start dates. The table indicates a **maximum enrollment of 27** students for the period **November 2011 through May 2014**.

ENROLLMENT DATA				
CLASS DATES		#Students Admitted	#Students Current or Completed	Total Enrolled
Start	Completed			
11/11 (FT - PM)		15	12	12 = 12
6/12 (FT - AM)		9	7	12 + 7 = 19
	3/13 (FT- PM Class)		-12	19 - 12 = 7

Licensing Examination Statistics

The following statistics, furnished by Pearson VUE, and published by the National Council of State Boards of Nursing as "Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction," for the period October 2009 through December 2013, specify the pass percentage rates for graduates of the Valley College of Medical Careers Vocational Nursing Program on the National Council Licensure Examination for Practical/Vocational Nurses (NCLEX-PN®), and the variance of the program's pass rates from state average annual pass rates for the past 17 quarters.

ate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

This data substantiates the program's **noncompliance** with Section 2530 (l) of the Vocational Nursing Rules and Regulations for the period **October 2009 through September 2013, 16 consecutive quarters**. As such, the program has been **noncompliant with regulatory requirements for four (4) years**. The program has been compliant with regulatory requirements for the most current one (1) quarter.

California Code of Regulations, section 2530(l) states:

"The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period."

Based on the most recent data available (October – December 2013), the program's average annual pass rate is **69%**. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® for the first time during the same period is 76%. The pass rate for the Valley College of Medical Careers Vocational Nursing Program is **seven (7) percentage points below** the state average annual pass rate.

Faculty and Facilities

Section 2534(d) of the Vocational Nursing Rules and Regulations states:

“For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.”

The number of Board-approved faculty totals 26, including the director. Based on a maximum enrollment of 27 students, two (2) instructors are needed. Therefore, the number of current faculty is adequate for the current and proposed enrollment. Of the total faculty, 26 instructors and director are approved to teach clinical. The director has 90% administrative and 10% teaching duties.

Section 2534(b) of the Vocational Nursing Rules and Regulations states:

“Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.”

The program's clinical facilities are adequate as to type and variety of patients treated to enable current and proposed students to meet clinical objectives in accordance with Section 2534(b) of the Vocational Nursing Rules and Regulations.

Other Considerations

Published examination statistics demonstrate the program's difficulties maintaining average annual pass rates that are compliant with regulatory requirements. Specifically, those statistics substantiate that the program has been **noncompliant for 16 consecutive quarters (October 2009 through September 2013) for four (4) years and compliant for one (1) quarter, October through December 2013.**

The program graduated its initial class on October 6, 2009. On November 4, 2009, the Executive Officer (EO) considered the program's request for ongoing admissions. At that time, the program lacked licensure examination statistics from its initial class. As such, insufficient evidence was available to verify the program's ability to effectively prepare safe and competent practitioners. Given the foregoing, the program's request for ongoing admissions was denied; the admission of a full – time class of 30 students to **replace** students who graduated October 6, 2009 was approved.

On February 11, 2011, the EO denied the program's request for ongoing admissions and required the director to submit a report by March 31, 2011 to include a comprehensive program analysis, specific actions taken to improve program pass rates, timelines for expected results, and the effectiveness of employed interventions. **At that time, the program's average annual pass rate was 54%.** It was noted that the program's pass rates had been low since the program's initial class. Specifically, from October 2009 through December 2010, the program's average annual pass rates were 50%, 47%, 50%, 46% and 54% respectively.

The lack of consistency in the program's graduates completing the licensure examination was also noted. At that time, the program had enrolled 138 students and graduated 74. Of the 74 graduates, 39 students had taken the licensure examination. Twenty-one of the 39 students who tested passed the licensure examination and 18 failed.

On April 21, 2011, the EO denied the program's request to admit 30 students and approved the admission of 20 students to **replace** students previously graduated. **At that time, the program's average annual pass rate was 59%, 18 percentage points below** the State average annual pass rate. The program was required to perform an in-depth analysis of its instructional plan, textbooks, and correlation of theory content to clinical application, and submit a written report detailing its findings by May 30, 2011. The EO directed placement of the program on the November 2011 Board agenda if the program's pass rates did not improve by August 15, 2011.

On November 10, 2011, the Board placed the Valley College of Medical Careers Vocational Nursing Program on provisional approval for the two-year period from November 10, 2011, through November 30, 2013, due to noncompliance with regulatory requirements relative to program pass rates. Specifically, the program's average annual pass rates had been more than ten (10) percentage points below State average annual pass rates for eight (8) consecutive quarters. **At that time, the program's average annual pass rate was 62%.**

The Board denied the program's request to admit **30** full-time, evening students on November 14, 2011 and approved the program's admission of **15** full-time, evening, students on November 14, 2011, graduating on February 24, 2013, only, to **replace** a class that graduated November 18, 2011. Additionally, the Board denied the program's request to admit **30** students to the full-time day class on January 16, 2012, graduating April 21, 2013 to **replace** students that graduated November 4, 2011, at this time.

The program was directed to admit no additional students unless approved by the full Board. The Board directed that the program bring its licensure pass rates to no more than ten (10) percentage points below the state average annual pass rate. The program was required to demonstrate incremental progress in correcting its violations.

On November 22, 2011, the Board forwarded to the director the Notice of Change in Accreditation Status. On December 7, 2011, the Board received the program's signed Acknowledgement of Change in Accreditation Status. The document was signed by the program director on December 5, 2011 (see Attachment B).

On February 24, 2012, the Board denied the program's request to admit a class of 30 full-time students into an evening class on March 5, 2012, graduating on June 8, 2013, to

replace a class that graduated November 18, 2011; and required the program to submit the revised instructional plan by February 29, 2012; and required the program to perform an analysis and submit a written report to address the program's rate of attrition by February 29, 2012. The Board specified that the report shall include the program's plans to decrease its rate of attrition and increase the number of graduates taking the licensure examination. **At that time, the program's average annual pass rate was 53%, 22 percentage points below** the state average annual pass rate.

On February 29, 2012, the program submitted a revised instructional plan and plan to decrease attrition rates as required. Included in the plan was a telephone campaign to contact former graduates and offer them free of charge to come in and take the NCLEX review class, HESI predictor exams and ATI NCLEX test.

On April 12, 2012, the Board received correspondence from the program director specifying its actions taken to correct identified problems. Included in the program's documents were the following elements:

➤ **Plan to Increase Pass Rates**

1. Continue to incorporate all previously submitted interventions.
2. Add HESI predictor examinations, **pending** review by administration.
3. Add a voluntary three (3) day intensive NCLEX review for students who are within three (3) days of taking the scheduled licensure examination.
4. Replaced two (2) textbooks with preferred editions.
5. Initialized a consulting relationship with Summit Career College. Based on this relationship with Summit the following policies have been revised.
 - a. Created a student academic contract identifying the student's responsibilities and the school's expectations.
 - b. Creation of a "Learning Academy." The Learning Academy will identify each student's progress and initiate interventions to assist the student to achieve their goal.
 - c. Plan to hire an NCLEX coordinator. This person would provide NCLEX review sessions, learning academies, tutorial programs, and ensure that all application paperwork is processed quickly.

➤ **Plan to Decrease Rate of Attrition**

1. Increased admission testing scores in an attempt to increase student success in the program.
2. Implemented immediate tutoring when a student receives a low test score.

On May 11, 2012, the Board approved the program's request to admit a class of 15 full-time, day students on May 14, 2012, graduating on September 30, 2013, to **replace** a class that graduated November 6, 2011; **and**, denied the program's request to admit a class of 15 full-time, evening, students on July 9, 2012, graduating on December 16, 2013, to **replace** the day class that graduated November 27, 2011; **and**, continued the program's requirement to obtain approval by the full Board prior to the admission of

additional classes. **At that time, the program's average annual pass rate was 45%, 29 percentage points below** the state average annual pass rate.

On May 22, 2012, the Board approved a new director.

On July 19, 2012, Board staff, SNEC and NEC, met with the program's new director, Tricia Devin, and Marian Reyes, instructor, at the Boards offices. The focus of the meeting was the program's request for placement on the September Board agenda. The SNEC verified that the program is being placed on the September Board agenda. During the visit, program representatives confirmed that the new director had not completed the Board's New Director Orientation. The SNEC strongly recommended that the director complete the new director orientation as soon as possible. Additionally, Board representatives recommended the director complete a program analysis and submit a report identifying problems and her plan to correct them and copies of faculty meetings held by the director. Further, the director was reminded that Corrective Action #3 specified in the Notice of Change in Approval Status required the program's submission of a detailed follow – up report by August 1, 2012.

On July 26, 2012, the assigned consultant forwarded correspondence requesting submission of pertinent documents regarding subsequent actions taken to correct identified problems.

On July 31, 2012, the Board received 2 large binders of program information. Included in the binders were the following:

- Faculty meeting notes
 - Verification of completion of the New Director Orientation.
 - Enrollment table
 - Procedures check list for students and faculty.
 - Copy of the 2010/2011 Annual Report.
 - Faculty and Facilities lists, faculty/clinical assignment form.
 - Summary of hours and content worksheet forms.
 - New student orientation presentation.
 - Program's Philosophy, faculty and facility blank forms.
 - Evaluation forms.
 - Lesson plans
 - List of Issues and concerns (received as a supplemental attachment on 8/1/12).
1. Students need more time allocated for theory.
 2. ATI orientation needs to be in more detail and additional time for practice sessions. Additionally, a non-faculty member proctor was added.
 3. A review of the strengths and weaknesses of the program needed.
 4. Program Philosophy needed "to be broken down into Environmental and Educational philosophy for a better understanding of the future of the college."
 5. New examinations and quizzes are recommended.
 6. Added a clinical director who assists with placement of students and creates the schedule for clinical rotations.

7. Ensured that Maslow's Hierarchy of needs is implemented in each level of the program.
8. Integrate the nursing process and body systems into the conceptual framework.
9. Admission criteria – created a level of communication for administration and informed faculty of the procedure.
10. Reviewing the college, faculty and student handbooks.
11. Updating policies and procedures for consistency throughout the college.
12. Student orientation - update to offer a more stimulating and comfortable orientation. Focus on success in the program and in their personal lives.
13. Review and revise the curriculum.

On August 6, 2012, the Board received correspondence from the program director relative to program actions taken to correct identified problems. Included in the program's documents were the following elements:

- Same information as listed above under Issues and Concerns.
- Student and Instructor roles
- Bloom's Taxonomy
- Program Philosophy, Vision, Mission Statement, Conceptual Framework
- Terminal Objectives
- Lesson Plan for Increasing Your Success for the Future
- Admission Criteria
- Course Content
- Proposed curriculum revision to include ATI testing and NCLEX review
- Revised the Attendance Policy to require 98% attendance per level
- Revised Remediation Policy-Students falling below 86% at any time will be placed on Probation.
- Evaluation Policy (faculty, clinical sites and students) Forms included in packet.
- Initiated mandatory faculty meetings-monthly.
- Textbook committee reviewed and updated textbooks.
- ATI format within the program.
- Revised Graduation requirements. Students must pass all four (4) levels with a minimum of 86%.
- Level one (1) Syllabus.

On September 6, 2012, the Board denied the program's request to admit a class of 20 full-time, day students on September 24, 2012, graduating on December 30, 2013, to **replace** a class that graduated August 13, 2012; **and, denied** the program's request to admit a class of 20 full-time, evening, students on September 24, 2012, graduating on December 17, 2013; and, required the program to continue to obtain approval by the full Board prior to the admission of additional classes. **At that time, the program's average annual pass rate was 37%, 37 percentage points below** the state average annual pass rate.

On September 24, 2012, the Board received correspondence from the program director and pertinent documents specifying subsequent actions taken to correct identified problems. The director reported completion of a Strengths, Weakness, Opportunities,

Threats (SWOT) analysis of the program in April and May 2012. The results of this analysis are listed below:

- **Admission, Screening and Selection Criteria** was strengthened by having potential students:
 - a. Interviewed by Admission Director; and,
 - b. Write a one (1) to two (2) page essay; and,
 - c. Take the Teas entrance test; and,
 - d. Interviewed by an admission committee and each potential student are scored utilizing a rubric.
- **Terminal and curriculum objectives** were reviewed and found to lack required specificity and failed to integrate theory to clinical. All objectives were revised to address this issue.
- **Instructional Plan** was restructured to demonstrate integration of theory and clinical.
- A mandatory six (6) hour day of ATI testing was added. Additionally, an optional, weekly Saturday, NCLEX review was added.
- **Lesson Plans-** Faculty were educated on the use of daily lesson plans, power point presentations and clinical practicums, use of resources such as alternative forms of teaching, etc.
- **Textbook.** Committee developed to review textbooks.
- **Attendance.** Stricter attendance policy established. Theory and Clinical absences must be made up. Clinical absences are made up in clinical.
- **Evaluations.** The Students evaluate their teachers subsequent to completion of each term. The clinical director evaluates clinical faculty every six (6) months. The Director evaluates the clinical director every six (6) months.
- **Remediation and Probation.** Any time a student's scores fall below 86%, the student is placed on Probation. The student is given 30 days to bring the scores to the required minimum of 86% or the Probation remains enforce until the end of the program. Students on Probation must attend remediation within one (1) week of being placed on Probation. Students are not allowed to retake an exam. Instead they "will be remediated in the areas of weakness". Mock exams are available for student use and are used "for review only".

On November 9, 2012, the Board denied the program's request to admit a class of 20 full-time, day students on November 12, 2012, graduating on February 1, 2014 to **replace** a class that graduated August 13, 2012, and denied the program's request to admit a class of 20 full-time, evening, students on November 12, 2012, graduating on February 1, 2014. At that time, the program's average annual pass rate was **31%, 43** percentage points **below** the state average annual pass rate.

On January 9, 2013, a new director was approved.

On August 1, 2013, the Board received the program's comprehensive analysis, as specified in Corrective Action #3 of the Notice of Change in Accreditation Status. Included were the following elements:

- **Admission and Screening** – It was identified that the program's admission process was inadequate. The director will add the HESI admission exam, letters of recommendation from employers or other professional persons, applicants will write an essay identifying their goals and reasons for pursuing nursing, selection committee will interview the applicant, and the applicant must achieve a score of 80% on the pre-requisite course Medical Terminology. This would begin with the next Board approved class.
- **Objectives** – No changes, determined to be appropriate since they were revised in 2012.
- **Instructional Plan** – The director will continue to monitor the instructional plan and revise as needed.
- **Lesson Plans** – The program is currently utilizing Elsevier's lesson plans and books.
- **Attendance** – No changes. All absences must be made up.
- **Remediation Policy** – No changes. The director will continue to monitor student's progress.
- **Evaluations** – Teacher evaluations will be performed routinely and written up and discussed with the teacher. The director identified that some teachers were teaching from the book while sitting at the desk. Poor use of resources to augment lecture. The teachers were advised of teaching methodology and use of resources. An improvement in student's scores has been identified.
- **Clinical Sites** – The director is seeking out new clinical sites.

In August 2013, the NEC discovered that the program did not have adequate Maternity clinical sites to provide the Maternity clinical experience designated in the Board approved Instructional Plan.

On November 22, 2013, the Board **denied** Valley College of Medical Careers Vocational Nursing Program's request to admit a class of 20 full-time day students on January 21, 2014, graduating on May 8, 2015, to **replace** the day class that was scheduled to graduate September 20, 2013; **and**, extended the program's provisional approval for the two (2) month period from December 1, 2013 through February 28, 2014 (see Attachment B); **and**, required the program to obtain and submit for Board approval clinical facility sites sufficient to provide clinical experience in Maternity Nursing consistent with the approved instructional plan; **and**, required the program to submit a

clinical rotation calendar verifying the scheduling and completion of Maternity Nursing experience for the enrolled students that is consistent with the approved instructional plan; **and**, required the program be placed on the February 2014 agenda for reconsideration of provisional approval.

On December 24, 2013, the director submitted a clinical rotation calendar verifying the scheduling and completion of Maternity Nursing experience for the enrolled students that is consistent with the approved instructional plan.

In summary, the program has a significant history of low licensure pass rates, specifically, 16 quarters or four (4) years. However, the most recent quarter, October to December 2014, demonstrates an increase in the licensure pass rates. The current quarter is 89% and the average annual pass rate is 69%. As such, the average annual pass rate is currently seven (7) percentage points **below** the state average annual pass rate.

Recommendation:

1. Extend provisional approval of Valley College of Medical Careers Vocational Nursing Program for the one (1) year period from February 28, 2014 through February 28, 2015 and issue a notice identifying specific areas of non-compliance and requirements for correction as referenced in Section 2526.1 (e) of the California Code of Regulations (see Attachment C).
2. Require the program to bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate.
3. Approve Valley College of Medical Careers Vocational Nursing Program's request to admit a class of 20 full-time day students on May 19, 2014, graduating on August 18, 2015, to **replace** the day class that was graduated December 20, 2013.
4. Require the program to admit no additional classes without prior approval by the full Board.
5. Require the program to submit a follow-up report in nine (9) months but no later than **November 1, 2014**. The report must include a review of the prior comprehensive analysis, effectiveness of employed interventions, revisions to the original plan, and timeline for implementation and correction.
6. Require the program to comply with all approval standards in Article 4 of the Vocational Nursing Practice Act, commencing at Business and Professions Code section 2880, and Article 5 of the Board's Regulations, commencing at California Code of Regulations, Title 16, section 2525.
7. Require the program to demonstrate incremental progress in correcting the violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's approval.

8. Failure to take any of these corrective actions may cause the full Board to revoke the program's approval.

Rationale: Published licensure examination statistics confirm that the program's pass rates have been below state average annual pass rates for 16 quarters, or four (4) years, of the 17 quarters that data has been recorded for the program. The 16 consecutive quarters have been 13 to 42 percentage points below state average annual pass rates. Program examination statistics for Quarter 4 2013 show the first significant increase in licensure pass rates since the program began. The current quarter pass rate is 89% and the average annual pass rate is 69%. This is seven (7) percentage points **below** the state average annual pass rate.

Based on the increase in program pass rates, the requested class is recommended for approval. Given the program's history of poor licensure performance, ongoing non-compliance, and instability in program administration, extending the program's provisional approval for a one (1) year period is prudent.

Agenda Item #13.A.2., Attachment A

VALLEY COLLEGE OF MEDICAL CAREERS VOCATIONAL NURSING PROGRAM

History of Prior Board Actions

- On July 2, 2008, the Executive Officer approved Valley College of Medical Careers' request to begin a vocational nursing program with an initial class of 30 students on July 7, 2008, only; **and** approved the program curriculum for 1,560 hours, including 580 theory, and 980 clinical hours.
- On May 5, 2009, the Executive Officer approved initial full accreditation for the Valley College of Medical Careers Vocational Nursing Program, West Hills, for the period May 5, 2009 through May 4, 2013, and directed staff to issue a certificate accordingly. Further information was requested relative to the program's request to admit additional students.
- On May 6, 2009, the Supervising Nursing Education Consultant and the assigned Nursing Education Consultant met with the Director of Education and Compliance to discuss the status of the program's requests. Based on the meeting, the program representative, in accord with the program director, amended the previous requests to include:
 1. Admission of a day class of 30 students commencing May 8, 2009, with a graduation date of July 27, 2010;
 2. Admission of an evening class of 30 students to begin May 8, 2009, with a graduation date of July 27, 2010; and
 3. Deferral of the request for ongoing admissions to a later date.
- On November 4, 2009, the Executive Officer approved Valley College of Medical Careers Vocational Nursing Program's request to admit a full-time class of 30 students to commence January 11, 2010 only, graduating March 31, 2011, to **replace** students who graduated October 6, 2009. The program's request for **ongoing admissions** of a class of 30 students every fifteen (15) weeks commencing May 2010, was **denied** at this time.
- On June 9, 2010, the Director and Campus Director appeared at Board headquarters requesting an immediate and unscheduled meeting to discuss program concerns relative to the Executive Officer's decision denying ongoing admissions.

The assigned consultant reviewed the following documents and information with program representatives.

- a. Board decisions and rationale for each decision from July 2, 2008 through November 4, 2009.

- b. Program Pass Rates.
 - c. Current Program Request and Attachments.
 - d. Clinical Resources.
- On June 25, 2010, the director notified the Board that commencement of the January 11, 2010 class was delayed to February 1, 2010.
 - On July 20, 2010, the program was cited for two (2) violations, Sections 2882 of the Business and Professions Code and Section 2534 of the Vocational Nursing Rules and Regulations. Both violations were corrected.

Additionally, the Executive Officer approved Valley College of Medical Careers Vocational Nursing Program's request to admit 30 students into a full-time day class to commence July 26, 2010 only, graduating December 2, 2011; and, approved the program's request to admit 30 students into an evening class to commence August 23, 2010 only, to **replace** students scheduled to graduate August 18, 2011. Additionally, the program was required to obtain Board approval prior to the admission of all classes.

- On February 11, 2011, the Executive Officer **denied** Valley College of Medical Careers Vocational Nursing Program's request to admit 30 students into a full-time, day class to commence January 24, 2011 only, graduating April 20, 2012, and; required the program to submit a report by **March 31, 2011**. The report shall include a comprehensive analysis of the program, specific actions taken to improve program pass rates, timelines for expected results, and the effectiveness of corrective actions taken to address the following elements:
 - a. Current Student Enrollment.

 - k. Remediation Policy.
 - l. Evaluations of Theory and Clinical Faculty.
 - m. Evaluations of Theory Presentations.
 - n. Evaluations of Clinical Rotations and Their Correlation to Theory Presentations.
 - o. Evaluation of Student Achievement.

Additionally, the program was required to obtain Board approval prior to the admission of all classes.

- On February 28, 2011, the program submitted a written report regarding the requested comprehensive analysis.

- On April 21, 2011, the Executive Officer **denied** Valley College of Medical Careers Vocational Nursing Program's request to admit 30 students into a day class commencing April 25, 2011 and graduating August 5, 2012, to **replace** students that graduated on August 19, 2010; **and**, approved the program's admission of 20 students into the day class commencing April 25, 2011, only, graduating August 5, 2012, to **replace** students that graduated on August 19, 2010; **and**, required the program to perform an in-depth analysis of the instructional plan, textbooks, correlation of theory content to clinical application and submit a written report of findings by May 30, 2011.

The EO directed placement of the program on the November 2011 Board agenda, if the licensure pass rates do not improve by at least ten (10) percentage points (69%) by August 15, 2011; **and** required the program to continue obtaining Board approval prior to the admission of all classes.

- On May 28, 2011, the Board received the program's in-depth analysis. The assigned consultant notified the director that the analysis was incomplete as submitted.
- On August 3, 2011, the Board received a revised analysis from the assistant director. The assistant director was advised the analysis remained incomplete and was requested to have the director call the NEC.
- On August 8, 2011, the director telephoned the NEC. The director indicated she had **not** been involved in the revision of the plan submitted on August 3, 2011. The NEC advised the director she needed to be involved in the in-depth analysis of her program. Additionally, the NEC reviewed content areas the director should address in the report. A new due date of **August 26, 2011** was issued.
- On August 25, 2011, the Executive Officer **denied** Valley College of Medical Careers Vocational Nursing Program's request for approval to admit 30 students into a day class commencing September 12, 2011 and graduating August 19, 2012, to **replace** students that graduated on August 15, 2010; **and**, required the program to submit a written plan detailing the following by **September 16, 2011**:
 - a. Steps the program will take to encourage the 39 former graduates to take the licensure examination.
 - b. Steps the program will take to prevent a recurrence of graduates not taking the licensure examination in a timely fashion.

Additionally, the EO required the program to obtain Board approval prior to the admission of all classes; **and**, directed placement of the program on the November 10, 2011 Board agenda for consideration of placement on provisional accreditation.

- On October 7, 2011, the assigned consultant forwarded correspondence requesting submission of fifteen (15) copies of pertinent documents, plan, and subsequent actions taken to correct identified problems that they desire Board members to consider.
- On November 10, 2011, the Board placed Valley College of Medical Careers Vocational Nursing Program on provisional accreditation for the two-year period from

November 10, 2011, through November 30, 2013, and issued a notice to the program to identify specific areas of noncompliance and requirements for correction as referenced in Section 2526.1 (e) of the California Code of Regulations; **and**, denied Valley College of Medical Careers Vocational Nursing Program's request approval to admit a class of 30 full-time, evening students on November 14, 2011 and approved the program's admission of a class of 15 full-time, evening, students on November 14, 2011, graduating on February 24, 2013, only, to **replace** a class that graduated November 18, 2011; **and**, denied the program's request to admit a class of 30 students to the full-time day class on January 16, 2012, graduating April 21, 2013 to **replace** students that graduated November 4, 2011, at this time; **and**, required the program to admit no additional students unless approved by the full Board.

The program was required to bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate; **and**, required the program to submit follow-up reports in 9 months, but no later than **August 1, 2012**, and 21 months, but no later than **August 1, 2013**. The reports must include a comprehensive analysis of the program, specific actions taken to improve program pass rates, timeline for implementation, and the effect of employed interventions. The following elements must be addressed in the analysis.

- a. Admission Criteria.
- b. Screening and Selection Criteria.
- c. Terminal Objectives.
- d. Curriculum Objectives.
- e. Instructional Plan.
- f. Theory and Clinical Objectives for Each Course.
- g. Lesson Plans for Each Course.

Subject: Notice of Change in Approval Status

Dear Ms. Williams:

Pursuant to the action of the Board of Vocational Nursing and Psychiatric Technicians (Board) on November 22, 2013, the provisional approval status of the Valley College of Medical Careers Vocational Nursing Program has been extended for the two – month period from December 1, 2013 through January 31, 2014. The purpose of this letter is to explain the areas of non-compliance found and the corrections required of your program to avoid losing accreditation completely.

Once you have reviewed this letter, please sign and return the enclosed "Acknowledgement of Change in Accreditation Status" form by **Friday, December 13, 2013**.

AREAS OF NON-COMPLIANCE [VIOLATION(S)]

In accordance with Section 2526.1(c) of title 16 of the California Code of Regulations,

"The Board may place any program on provisional approval when that program does not meet all requirements as set forth in this chapter and in Section 2526..."

Section 2530(l) of title 16 of the California Code of Regulations states:

"The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.

- (l) Failure to maintain the required yearly average minimum pass rate for two years or eight consecutive quarters may be cause to place a program on provisional approval."

The program pass rates of the Valley College of Medical Careers Vocational Nursing Program for the past 16 quarters are set forth in the following table.

NCLEX-PN® Licensure Examination Pass Rates			
Quarter	State Annual Average Pass Rate	Program Annual Average Pass Rate	Variance from State Annual Average Pass Rate
Oct – Dec 2009	73%	50%	-23
Jan – Mar 2010	74%	47%	-27
Apr – Jun 2010	75%	50%	-25
Jul – Sep 2010	75%	46%	-29
Oct – Dec 2010	76%	54%	-22
Jan – Mar 2011	77%	59%	-18
Apr – Jun 2011	76%	63%	-13
Jul – Sep 2011	76%	62%	-14
Oct – Dec 2011	75%	53%	-22
Jan – Mar 2012	74%	45%	-29
Apr – Jun 2012	74%	37%	-37
Jul – Sep 2012	74%	31%	-43
Oct – Dec 2012	74%	34%	-40
Jan – Mar 2013	73%	33%	-40
Apr – Jun 2013	73%	31%	-42
Jul – Sep 2013	74%	44%	-30

Based on this data, the program failed to comply with regulatory requirements relative to the admission of students. Further, the program failed to maintain the annual average pass rate requirement.

REQUIRED CORRECTION(S)

1. Extend the program's provisional approval for the two (2) month period from December 1, 2013 through February 28, 2014.
2. Require the program to obtain and submit for Board approval clinical facility sites sufficient to provide clinical experience in Maternity Nursing consistent with the approved instructional plan.
3. Require the program to submit a clinical rotation calendar verifying the scheduling and completion of Maternity Nursing experience for the enrolled students that is consistent with the approved instructional plan.
4. Place the program on the February 2014 agenda for reconsideration of provisional approval.
5. The program shall comply with all accreditation standards in article 4 of the Vocational Nursing Practice Act, commencing at Business and Professions Code section 2880, and article 5 of the Board's regulations, commencing at California Code of Regulations, title 16, section 2526.
6. The program shall demonstrate incremental progress in correcting the violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's accreditation.
7. Failure to take any of these corrective actions may cause the full Board to revoke the program's accreditation.

In the event additional violations of the approval standards are identified, such violations may result in further corrective action or revocation of provisional accreditation.

FUTURE BOARD ACTION

Your program will be placed on the **February 2014** Board Meeting agenda, at which point the Board may revoke or extend the program's approval. If you have additional information that you wish considered beyond the required corrections listed on page 2 and 3, you must submit this documentation by the fifteenth day of the second month prior to that Board meeting.

OTHER IMPORTANT INFORMATION

Please be advised that, pursuant to the Board's regulations, the program will not be authorized to admit new classes beyond the established pattern of admissions previously approved by the Board. The established pattern of admissions approved by the Board is as follows: **Based on the above corrections, the full Board's permission will be required for each future class admission.**

In the event your program is required to submit any report(s) as a corrective action pursuant to this notice, such reports are required in addition to any other reports required pursuant to 2527 of the Board's regulations.

The program may no longer advertise that it has full approval, and should take steps to correct any ongoing advertisements or publications in that regard.

A copy of title 16, California Code of Regulations, section 2526.1, regarding provisional accreditation is attached for your reference. A complete copy of the Board's laws and regulations can be found on the Board's web site at www.bvnpt.ca.gov.

Should you have questions, please do not hesitate to contact the Board.

Sincerely,

TERESA BELLO-JONES, J.D., M.S.N., R.N.

CALIFORNIA CODE OF REGULATIONS TITLE 16

§2526.1. Provisional Approval.

- (a) Provisional approval means a program has not met all requirements as set forth in this Chapter and in Chapter 6.5, Division 2 of the Business and Professions Code.
- (b) Provisional approval shall be granted for a period determined by the Board.
- (c) The Board may place any program on provisional approval when that program does not meet all requirements as set forth in this Chapter and in Section 2526. If the program has not met all requirements at the end of the initial provisional approval period, provisional approval may be extended if the program demonstrates to the satisfaction of the Board a good faith effort to correct all deficiencies.
- (d) Any program holding provisional approval may not admit "new" classes beyond the established pattern of admission previously approved by the Board. The admission pattern is defined by the number of students per class and the frequency of admissions for the six class admissions that immediately precede the Board action to consider provisional approval.
- (e) A program placed on provisional approval shall receive written notification from the Board. The notification to the program shall include specific areas of noncompliance and requirements for correction. A program's failure to correct delineated areas of noncompliance is cause for revocation of provisional approval.
- (f) A material misrepresentation of fact by a vocational nursing program in any information submitted to the Board is cause for revocation of provisional approval.
- (g) A program whose provisional approval has been revoked shall be removed from the Board's list of approved programs. The status of students as potential applicants for licensure will be determined by the Board.
- (h) A program that is removed from the Board's list of approved programs subsequent to Board action based on the program's non-compliance with applicable regulations shall not reapply to establish a vocational nursing program for a minimum period of one calendar year.

Based on this data, the program failed to comply with regulatory requirements relative to maintaining the annual average pass rate requirement for 16 of the 17 quarters that data is available for the program.

REQUIRED CORRECTION(S)

1. Valley College of Medical Careers, Vocational Nursing Program shall bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate.
2. The program shall obtain approval of the full Board prior to the admission of additional students.
3. The program shall submit a follow-up report in 9 months, but no later than **November 1, 2014**. The report must include a review of the prior comprehensive analysis, effectiveness of employed interventions, revisions to the original plan, and timeline for implementation and correction.
4. The program shall comply with all approval standards in article 4 of the Vocational Nursing Practice Act, commencing at Business and Professions Code section 2880, and article 5 of the Board's regulations, commencing at California Code of Regulations, title 16, section 2526.
5. The program shall continue to demonstrate incremental progress in correcting the violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's approval.

6. Failure to take any of these corrective actions may cause the full Board to revoke the program's approval.

In the event additional violations of the approval standards are identified, such violations may result in further corrective action or revocation of provisional accreditation.

FUTURE BOARD ACTION

Your program will be placed on the **February 2015** Board Meeting agenda, at which point the Board may revoke or extend the program's approval. If you have additional information that you wish considered beyond the required corrections listed on page 2 and 3, you must submit this documentation by the fifteenth day of the second month prior to that Board meeting.

OTHER IMPORTANT INFORMATION

Please be advised that, pursuant to the Board's regulations, the program will not be authorized to admit new classes beyond the established pattern of admissions previously approved by the Board. The established pattern of admissions approved by the Board is as follows: **Based on the above corrections, the full Board's permission will be required for each future class admission.**

In the event your program is required to submit any report(s) as a corrective action pursuant to this notice, such reports are required in addition to any other reports required pursuant to 2527 of the Board's regulations.

The program may no longer advertise that it has full approval, and should take steps to correct any ongoing advertisements or publications in that regard.
