On February 28, 2014, the Board placed the Premiere Career College Vocational Nursing Program on provisional approval for the two (2) year period from February 28, 2014, through February 28, 2016, and directed that the program obtain approval by the full Board prior to the admission of additional students. The program is requesting approval to admit the following classes:

2. A day class of 30 students commencing on November 16, 2015; graduating February 3, 2017. This class would **replace** students that will graduate on November 6, 2015.

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three-quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

California Code of Regulations section 2530(I) states:

“The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.”

Based on the **most recent data available** (January through March 2015), the program’s average annual pass rate is **74%**. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® Licensure Examination for the first time during the same period is 71%. The average annual pass rate for the Premiere Career College Vocational Nursing Program is **three (3) percentage point above** the state average annual pass rate.

Faculty and Facilities

Section 2534(d) of the Vocational Nursing Rules and Regulations states:

“For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.”

The number of Board-approved faculty totals 17, including the director. The director has 70% administrative and 30% teaching responsibilities. Four (4) of the faculty are approved as “Additional Faculty” and one (1) is a Teacher Assistant. Of the total faculty, 10 instructors are approved to teach clinical.

Based on a maximum enrollment of 150 students, the program would need 15 instructors. The number of current faculty is adequate for the current and proposed enrollment.

Section 2534(b) of the Vocational Nursing Rules and Regulations states, in part:

“Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.”

The program has sufficient clinical facilities to afford the number type and variety of patients that will provide clinical experience consistent with competency-based objectives and theory.

Other Considerations

The program’s licensure pass rates have improved since placement on provisional approval. At the time the program was placed on provisional approval, the program’s average annual licensure pass rate was 56%. Currently, the program’s average annual pass rate is 74%. As such, it has risen 18 percentage points and is equal to the state average annual pass rate.

Recommendations:

1. Approve Premiere Career College Vocational Nursing Program’s request to admit an evening class of 30 students commencing on August 24, 2015, graduating October 28, 2016, to **replace** students that will graduate on August 14, 2015.
2. Approve the program’s request to admit a day class of 30 students commencing on November 16, 2015, graduating February 3, 2017, to **replace** students that will graduate on November 6, 2015.
3. Continue to require the program to obtain Board approval prior to the admission of additional students.

Rationale: The Premiere Career College Vocational Nursing Program was placed on provisional approval 15 months ago (see Attachment B). At that time, the program's average annual pass rate was 56% (20 percentage points below the state average annual pass rate). Currently, the program's average annual pass rate is 74%. This is an increase of 18 percentage points. Based on this improvement in licensure pass rates, the requested classes are recommended.

California Code of Regulations
Title 16
Section 2526.1

2526.1. Provisional Approval.

- (a) Provisional approval means a program has not met all requirements as set forth in this chapter and in Chapter 6.5, Division 2 of the Business and Professions Code.
- (b) Provisional approval shall be granted for a period determined by the Board.
- (c) The Board may place any program on provisional approval when that program does not meet all requirements as set forth in this chapter and in Section 2526. If the program has not met all requirements at the end of the initial provisional approval period, provisional approval may be extended if the program demonstrates to the satisfaction of the Board a good faith effort to correct all deficiencies.
- (d) Any program holding provisional approval may not admit "new" classes beyond the established pattern of admissions previously approved by the Board. The admission pattern is defined by the number of students per class and the frequency of admissions for the six class admissions that immediately precede the Board action to consider provisional approval.
- (e) A program placed on provisional approval shall receive written notification from the Board. The notification to the program shall include specific areas of noncompliance and requirements for correction. A program's failure to correct delineated areas of noncompliance is cause for revocation of provisional approval.
- (f) A material misrepresentation of fact by a vocational nursing program in any information submitted to the Board is cause for revocation of provisional approval.
- (g) A program whose provisional approval has been revoked shall be removed from the Board's list of approval programs. The status of students as potential applicants for licensure will be determined by the Board.
- (h) A program that is removed from the Board's list of approved programs subsequent to Board action based on the program's non-compliance with applicable regulations shall not reapply to establish a vocational nursing program for a minimum period of one calendar year.
