COVER SHEET

SUBJECT: High Desert Medical College, Vocational Nursing Program –
Consideration of Request to Admit Students (Director: Michelle Welch,
Lancaster, Los Angeles County, Private)

Recommendations:

1. Approve High Desert Medical College Vocational Nursing Program's request to admit a full-time class of 19 students to begin on October 12, 2015; graduating November 16, 2016.
2. Require the program to submit, under penalty of perjury, the names of all enrolled students, date of admission, placement in the curriculum, and expected date of graduation, no later than **15 days after class commencement**.
3. Continue to require the program to maintain a 1:10 instructor to student ratio in all clinical activities.
4. Deny the program's request to admit a part-time class of 15 students to begin on October 16, 2015; graduating June 18, 2017.
5. Continue to require the program to obtain approval by the full Board prior to admitting an additional class.

Rationale: On November 10, 2011, the Board placed High Desert Medical College on provisional approval. **At that time, the program's average annual pass rate was 63%.** Examination statistics for the most recent reporting period (Quarter 2 2015) confirm that the program's current average annual pass rate is **60%, twelve (12) percentage points below** the state average annual pass rate. However, it is noted that the program's **average annual pass rate represents statistics for five (5) program candidates, three (3) of whom passed the licensure examination.**

Currently the program has a class of 18 students enrolled that is scheduled to graduate May 18, 2016. The program has proposed the admission of two (2) additional classes totaling 34 students for a maximum enrollment of 52 students. However, as noted previously, the number of faculty approved for the program is insufficient for the proposed enrollment.

The foregoing supports the approval of one full – class of 19 students.
However, denial of the program's admission of the part – time class of 15
students is recommended at this time.

SUBJECT: High Desert Medical College, Vocational Nursing Program –Consideration of Request to Admit Students (Director: Michelle Welch, Lancaster, Los Angeles County, Private)

On November 10, 2011, the Board placed the High Desert Medical College Vocational Nursing Program on provisional approval for the two (2) year period from November 10, 2011 through November 30, 2013, due to pass rates that were noncompliant with requirements set forth in California Code of Regulations section 2530 (I) which states:

“The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.”

The program was directed to obtain approval by the full Board prior to the admission of additional students. Reconsideration of the program's status was scheduled for the November 2013 Board meeting.

Subsequently, the Board extended the program's provisional approval on November 22, 2013 through September 2014. On September 12, 2014, the Board extended the program's provisional approval through February 28, 2015.

On February 13, 2015, the Board extended the program's provisional approval through February 28, 2016 and issued a notice identifying specific deficiencies, required corrections, and timeline for implementation. Reconsideration of the program's status was scheduled for February 2016.

The High Desert Medical College Vocational Nursing Program is presented for approval of its request to admit the following two (2) classes:

- A full-time class of 19 students to begin on October 12, 2015 and graduating November 16, 2016; and

- A part-time class of 15 students to begin on October 16, 2015 and graduating June 18, 2017.

History of Prior Board Actions

(See Attachment A, History of Board Action)

Enrollment

The High Desert Medical College Vocational Nursing Program offers a full-time course of instruction that is 56 weeks. The part-time class is 71 weeks in length. The program's last part – time class completed requirements in March 2012. Board approval is required prior to the admission of each class. The pattern of admissions for current classes is seen in the enrollment table below.

The following table represents student enrollment based on the **current and proposed** class start dates. The table indicates a **maximum enrollment of 92** students for the period **May 2009 through April 2015**.

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three-quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

California Code of Regulations, section 2530(I) states:

“The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.”

This data substantiates the program’s **noncompliance** with section 2530 (I) of the California Code of Regulations for **31 of the 37 quarters in which data is recorded for the program.**

Based on the most recent data available (April through June 2015), the program’s average annual pass rate is **60%**. The California average annual pass rate for graduates from

approved vocational nursing programs who took the NCLEX-PN® Licensure Examination for the first time during the same period is 72%. The average annual pass rate for the High Desert Medical College Vocational Nursing Program is **12** percentage points **below** the state average annual pass rate. It is noted that the program's average annual pass rate is based on statistics for a total of five (5) graduates.

Faculty and Facilities

Section 2534(d) of the Vocational Nursing Rules and Regulations states:

“For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.”

The number of Board-approved faculty totals six (6), including the director. Of the total faculty, four (4) instructors are approved to teach clinical. Of the six (6) total faculty, one (1) is approved as additional faculty.

Currently, the program has 18 students enrolled in a full – time class. No part – time classes are enrolled. Based on the proposed classes, the maximum proposed enrollment would total 52.

Given the proposed enrollment of 52 students and the Board's requirement that the program maintain a 1:10 instructor-to-student ratio in all clinical classes, six (6) instructors are needed. Therefore, the number of current faculty is **inadequate** for the current and proposed enrollment.

Section 2534(b) of the Vocational Nursing Rules and Regulations states, in part:

“Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.”

The program has **sufficient** clinical facilities to afford the number, type, and variety of patients that will provide clinical experience consistent with competency-based objectives and theory taught.

Other Considerations:

As noted previously, the Board placed the High Desert Medical College Vocational Nursing Program on provisional approval for the two (2) year period from November 10, 2011 through November 30, 2013, due to noncompliant pass rates on the NCLEX-PN®. On November 22, 2013, the Board extended the program's provisional approval for a ten-month period from November 22, 2013, through September 30, 2014, and issued a notice to the program identifying specific areas of noncompliance and requirements for correction.

On July 1, 2014, the Board received correspondence from the director and the required comprehensive analysis. No significant changes were identified from the second (2nd) comprehensive analysis submitted on August 2, 2013.

On July 14 and 15, 2014, an unannounced school site inspection was completed by two (2) assigned Nursing Education Consultants. The purpose of the inspection was to determine the program's compliance with Board requirements. During the two-day visit, the consultants assessed the program's resources including, but not limited to, faculty, clinical facilities, library, staff and support services, physical space, skills laboratory and equipment required to achieve the program's objectives. In addition, the NEC's reviewed records for newly graduated students, and facilitated discussions with the Program Director and other staff members. Nine (9) violations of the California Code of Regulations were identified.

On August 4, 2014, the Board received communication from the program direction stating that she had terminated employment with the school.

On August 8, 2014, a notice of violations was sent to the school administrator. The program's response to the identified violations was due to the Board by August 29, 2014.

On August 13, 2014, a new director was approved by the Board.

On September 12, 2014, the Board extended the program's provisional approval for a five (5) month period from September 12, 2014, through February 28, 2015, and issued a notice to the program to identify specific areas of noncompliance and requirements for correction, as referenced in Section 2526.1 (e) of the California Code of Regulations (see Attachment B).

On November 4, 2014, the Board received the new director's response to violations identified during the program inspection. If implemented as presented, the submitted plans of correction will prevent future occurrences of the identified violations.

On February 13, 2015, the Board extended the program's provisional approval through February 28, 2016. Additionally, the Board approved the program's admission of a full – time class of 20 students on April 13, 2015 and continued the requirement that the program maintain a 1:10 instructor-to-student ration in all clinical classes. Additionally, the Board continued the program's requirement to obtain approval by the Board prior to the admission of additional students.

Recommendations:

1. Approve High Desert Medical College Vocational Nursing Program's request to admit a full-time class of 19 students to begin on October 12, 2015; graduating November 16, 2016.
2. Require the program to submit, under penalty of perjury, the names of all enrolled students, date of admission, placement in the curriculum, and expected date of graduation, no later than **15 days after class commencement**.

3. Continue to require the program to maintain a 1:10 instructor to student ratio in all clinical activities.
4. Deny the program's request to admit a part-time class of 15 students to begin on October 16, 2015; graduating June 18, 2017.
5. Continue to require the program to obtain approval by the full Board prior to admitting an additional class.

Rationale: On November 10, 2011, the Board placed High Desert Medical College on provisional approval. **At that time, the program's average annual pass rate was 63%.** Examination statistics for the most recent reporting period (Quarter 2 2015) confirm that the program's current average annual pass rate is **60%, twelve (12) percentage points below** the state average annual pass rate. However, it is noted that the program's **average annual pass rate represents statistics for five (5) program candidates, three (3) of whom passed the licensure examination.**

Currently the program has a class of 18 students enrolled that is scheduled to graduate May 18, 2016. The program has proposed the admission of two (2) additional classes totaling 34 students for a maximum enrollment of 52 students. However, as noted previously, the number of faculty approved for the program is insufficient for the proposed enrollment.

The foregoing supports the approval of one full – class of 19 students. However, denial of the program's admission of the part – time class of 15 students is recommended at this time.

Additionally, the Executive Officer approved the program's request for **ongoing** admissions to replace graduating classes, only, with the following stipulations:

- a. No additional classes are added to the program's current pattern of admissions without prior Board approval. The program's current pattern of admissions includes two full-time classes of 20 students and two part-time classes of 20 students per calendar year.

 - b. The director documents that adequate resources, i.e. faculty and facilities, are available to support each admitted class of students.
- On August 15, 2007, the Board notified the director that the program's pass rates had fallen more than ten (10) percentage points below the state average annual pass rate for the past four (4) quarters. The director was requested to submit a written plan for improving the program's NCLEX-PN® pass rates by September 15, 2007.

 - On September 14, 2007, the Board received the program's plan for improving its pass rate.

- On November 27, 2007, the Board notified the director that the program's pass rates had fallen more than ten (10) percentage points below the state average annual pass rate for the past five (5) quarters.
- On January 22, 2008, the Board notified the director that the program's pass rates had fallen more than ten (10) percentage points below the state average annual pass rate for the past six (6) quarters. The director was asked to provide documentation verifying that the eight elements of the program's plan of correction submitted September 14, 2007, are being carried out.
- On April 4, 2008, the program director provided an update on the program's plan of correction.
- **On December 15, 2008, a new program director was approved.**
- On August 19, 2009, the Board notified the director that the program's pass rates had fallen more than ten (10) percentage points below the state average annual pass rate for the past four (4) quarters. The consultant requested submission of a written plan for improving the pass rates by September 19, 2009.
- On September 16, 2009, the Board received the following plan for improvement of the program's pass rates:
 - a. The program revised its written examinations, and implemented stricter standards for grading.
 - b. The program revised the credit granting policy.
 - c. The program revised the remediation policy, to reduce the overall number of remediation attempts that would be acceptable prior to a termination decision.
 - d. The program revised its practice of re-admitting students who had been terminated previously for poor academic performance.
- On December 2, 2009, the Executive Officer approved continued full accreditation for the High Desert Medical College Vocational Nursing Program for the period February 3, 2010 through February 2, 2014.
- On December 29, 2009, the Board notified the director that the program's average annual pass rates had fallen below 10 percentage points of the state average annual pass rate for the past five (5) quarters.
- On November 30, 2010, the Executive Officer **denied** High Desert Medical College, Vocational Nursing Program's request to admit **30** students three (3) times per year to the full-time class; **and, approved** the program's admission of **20** students to the full-time day class commencing March 7, 2011 and graduating March 15, 2012, only; **and, denied** High Desert Medical College, Vocational Nursing Program's request to admit **30** students three (3) times per year to the part-time class; **and, approved** the program's admission of **20** students to the part-time evening class commencing on April 8, 2010, and graduating October 21, 2012, only.

Additionally, the program was required to submit a report that includes a comprehensive analysis of the program, specific actions taken to improve program pass rates, timelines for expected results, and the effectiveness of corrective actions taken to address the following elements by **January 28, 2011**:

- a. Current Student Enrollment.
- b. Admission Criteria.
- c. Screening and Selection Criteria.
- d. Terminal Objectives.
- e. Curriculum Objectives.
- f. Instructional Plan.
- g. Theory and Clinical Objectives for Each Course.
- h. Lesson Plans for Each Course.
- i. Textbooks.
- j. Attendance Policy.
- k. Remediation Policy.
- l. Evaluations of Theory and Clinical Faculty.
- m. Evaluations of Theory Presentations.
- n. Evaluations of Clinical Rotations and Their Correlation to Theory Presentations.
- o. Evaluation of Student Achievement.

The Executive Officer **rescinded** the program's approval for ongoing admissions and required the program to obtain Board approval prior to the admission of future classes.

- On January 27, 2011, the Board received program documents as requested November 30, 2010.
- **On June 6, 2011, a new director was approved by the Board.**
- On August 25, 2011, the Executive Officer **denied** High Desert Medical College's request to admit 20 students to a full-time program commencing on September 12, 2011, graduating October 18, 2012; **and, denied** the program's request to admit 20 students into a part-time program commencing on October 14, 2011, graduating March 31, 2013; **and**, placed the program on the November 10, 2011 agenda for the Board's consideration of provisional accreditation; **and**, required the program to continue to obtain Board approval prior to the admission of future classes.
- **On September 28, 2011, a new director was approved by the Board.**
- On October 7, 2011, the assigned consultant forwarded correspondence requesting submission of fifteen (15) copies of pertinent documents, plan, and subsequent actions taken to correct identified problems that they desire Board members to consider.
- On November 10, 2011, the Board placed High Desert Medical College Vocational Nursing Program on provisional accreditation for the two-year period from November 10, 2011, through November 30, 2013, and issued a notice to the program to identify

specific areas of noncompliance and requirements for correction as referenced in Section 2526.1 (e) of the California Code of Regulations.; **and**, denied High Desert Medical College Vocational Nursing Program's request to admit a class of 20 full-time, day, students on November 14, 2011, graduating on December 13, 2012, to **replace** a class that graduated October 6, 2011; **and**, required the program to admit no additional students unless approved by the full Board; **and**, required the program to bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate by **September 1, 2013**.

Additionally, the Board required the program to submit follow-up reports in nine months, but no later than **August 1, 2012**, and 21 months, but no later than **August 1, 2013**. The reports must include a comprehensive analysis of the program, specific actions taken to improve program pass rates, timeline for implementation, and the effect of employed interventions. The following elements must be addressed in the analysis.

- a. Admission Criteria.
- b. Screening and Selection Criteria.
- c. Terminal Objectives.
- d. Curriculum Objectives.
- e. Instructional Plan.
- f. Theory and Clinical Objectives for Each Course.
- g. Lesson Plans for Each Course.
- h. Textbooks.
- i. Attendance Policy.
- j. Remediation Policy.
- k. Evaluations of Theory and Clinical Faculty.
- l. Evaluations of Theory Presentations.
- m. Evaluations of Clinical Rotations and Their Correlation to Theory Presentations.
- n. Evaluation of Student Achievement.
- o. Current Enrollment; **and**,

The program was required to comply with all accreditation standards in Article 4 of the Vocational Nursing Practice Act, commencing at Business and Professions Code Section 2880, and Article 5 of the Board's Regulations, commencing at California Code of Regulations, Title 16, section 2526.

Further, the program was required to demonstrate incremental progress in correcting the violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's accreditation; **and**, notified the program that failure to take any of these corrective actions may cause the full Board to revoke the program's accreditation; **and**, place the program on the **November 2013** Board agenda for reconsideration of provisional accreditation.

- On November 22, 2011, the Board forwarded to the director the Notice of Change in Accreditation Status.

REQUIRED CORRECTION(S)

1. The High Desert Medical College Vocational Nursing Program shall bring its average annual pass rate to no more than ten (10) percentage points below the State average annual pass rate.

2. The program shall obtain approval by the full Board prior to the admission of additional students.
3. The program shall maintain a 1:10 instructor to student ratio in all clinical activities.
4. The program shall submit, under penalty of perjury, the names of all enrolled students, date of admission, placement in the curriculum, and expected date of graduation by **April 17, 2015**.
5. The program shall submit a follow-up report by **November 1, 2015**. The report shall include a review of the prior comprehensive analysis, timeline for implementation, and the effect of employed corrections.
6. The program shall comply with all approval standards in article 4 of the Vocational Nursing Practice Act, commencing at Business and Professions Code section 2880, and article 5 of the Board's regulations, commencing at California Code of Regulations, title 16, section 2526.
7. The program shall demonstrate incremental progress in correcting the violations. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program's approval.
8. Failure of the program to take any of these corrective actions may cause the full Board to revoke the program's approval.

FUTURE BOARD ACTION

Your program will be placed on the **February 2016** Board Meeting agenda, at which point the Board may revoke or extend the program's accreditation. The nursing education consultant assigned to your program will ask you to submit documentation of the correction of your violation(s) by the fifteenth day of the second month prior to that Board meeting. If you have additional information that you wish considered beyond the required corrections listed on pages 2 and 3, you must submit this documentation by the fifteenth day of the second month prior to that Board meeting.

OTHER IMPORTANT INFORMATION

Please be advised that, pursuant to the Board's regulations, the program will not be authorized to admit new classes beyond the established pattern of admissions previously approved by the Board. The established pattern of admissions approved by the Board is as follows: **Based on the above corrections, the full Board's permission is required prior to the admission of each future class.**

TITLE 16 CALIFORNIA CODE OF REGULATIONS

2526.1. Provisional Approval.

- (a) Provisional approval means a program has not met all requirements as set forth in this chapter and in Chapter 6.5, Division 2 of the Business and Professions Code.
- (b) Provisional approval shall be granted for a period determined by the Board.
- (c) The Board may place any program on provisional approval when that program does not meet all requirements as set forth in this chapter and in Section 2526. If the program has not met all requirements at the end of the initial provisional approval period, provisional approval may be extended if the program demonstrates to the satisfaction of the Board a good faith effort to correct all deficiencies.
- (d) Any program holding provisional approval may not admit "new" classes beyond the established pattern of admissions previously approved by the Board. The admission pattern is defined by the number of students per class and the frequency of admissions for the six class admissions that immediately precede the Board action to consider provisional approval.
- (e) A program placed on provisional approval shall receive written notification from the Board. The notification to the program shall include specific areas of noncompliance and requirements for correction. A program's failure to correct delineated areas of noncompliance is cause for revocation of provisional approval.
- (f) A material misrepresentation of fact by a vocational nursing program in any information submitted to the Board is cause for revocation of provisional approval.
- (g) A program whose provisional approval has been revoked shall be removed from the Board's list of approved programs. The status of students as potential applicants for licensure will be determined by the Board.
- (h) A program that is removed from the Board's list of approved programs subsequent to Board action based on the program's non-compliance with applicable regulations shall not reapply to establish a vocational nursing program for a minimum period of one calendar year.
