History of Prior Board Actions

(See Attachment A, History of Prior Board Actions)

Enrollment Data

The program offers full – time classes. Board approval is required prior to the admission of each class. The Enrollment Data table indicates the class that was admitted June 20, 2017. This class was originally approved by the Board to begin May 16, 2017, as seen in the enrollment table below.

The table indicates a **maximum enrollment of 20 students** for the period **June 2017 through August 2018**.

Licensing Examination Statistics

The following statistics, furnished by Pearson VUE and published by the National Council of State Boards of Nursing as "Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction" for the period July 2015 to June 2017, specify the pass percentage rates for graduates of the Platt College, Vocational Nursing Program on the National Council Licensure Examination for Practical/Vocational Nurses (NCLEX-PN®).

NCLEX-PN® Licensure Examination Data							
Quarter	Quarterly Statistics				Annual Statistics*		
	# Candidates	# Passed	% Passed	State Quarterly Pass Rate	Program Average Annual Pass Rate	State Average Annual Pass Rate [CCR §2530(I)]	Variance from State Average Annual Pass Rate
Jul – Sep 2015	No Candidates Tested			73%	50%	72%	-22
Oct – Dec 2015	No Candidates Tested			75%	N/A	72%	N/A
Jan – Mar 2016	No Candidates Tested			73%	N/A	72%	N/A
Apr – Jun 2016	4	4	100%	75%	100%	74%	+26
Jul – Sep 2016	7	5	71%	75%	82%	75%	+7
Oct – Dec 2016	No Candidates Tested			70%	82%	74%	+8
Jan – Mar 2017	1	1	100%	72%	83%	73%	+10
Apr – Jun 2017	1	1	100%	68%	78%	74%	+4

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three-quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

California Code of Regulations section 2530(I) states:

"The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period."

Based on the most recent data available (April 2017 through June 2017), the program's average annual pass rate is **78%**. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® Licensure Examination for the first time during the same period is **74%**. The average annual pass rate for the Platt College Vocational Nursing Program is **4** percentage points **above** the state average annual pass rate.

Faculty and Facilities

Section 2534(d) of the Vocational Nursing Rules and Regulations states:

"For supervision of clinical experience, there shall be a maximum of 15 students for each instructor."

However, based on the Board's August 2015 decision, the program is required to provide no less than one (1) instructor for every ten (10) students in clinical classes.

The program's Board-approved faculty totals four (4) including the program director and one (1) Teacher Assistant. The director has 80% administrative responsibility. A total of three (3) instructors, including the director, are approved to teach in clinical areas.

Based on a maximum enrollment of 20 students, two (2) instructors are needed. Therefore, the program's approved faculty is **adequate** for the current and proposed enrollment.

Faculty stability was identified with one (1) faculty member being employed for 0 – 2 years. Three (3) faculty members being employed for 2 – 5 years. The approved director and all faculty work full time.

Section 2534(b) of the Vocational Nursing Rules and Regulations states:

"Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught."

The program has **adequate** clinical facilities to afford the number, type, and variety of patients that will provide clinical experience consistent with competency-based objectives and theory being taught.

Other Considerations

On April 27, 2015, the Executive Officer approved the program's major curriculum revision, **and** continued to require the program to obtain Board approval prior to the admission of each class.

On August 21, 2015, the Board placed the Platt College, Alhambra, Vocational Nursing Program on provisional approval for the two (2) year period from **August 21, 2015** through

August 31, 2017, and issued a notice to the program to identify specific areas of non-compliance and requirements for correction as referenced in Section 2526.1 (e) of the California Code of Regulations. At that time, the program's average annual pass rate was **36%**.

On February 25, 2017, the Board approved Platt College, Alhambra, Vocational Nursing Program's request to admit one (1) class of twenty (20) students to a class beginning on **May 16, 2017**, graduating **August 18, 2018, only**. Based on reported enrollment statistics, the program delayed commencement of that class until June 20, 2017.

Submitted documents and materials confirm the director's implementation of revisions to the program in early 2016. Since that time, the average annual pass rate for graduates who took the NCLEX-PN® Licensure Examination for the first time has continued to show incremental progress. Currently, the program's pass rates have been **above** the California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® for the first time, for the last **five (5)** consecutive quarters.

Recommendations:

1. Approve the Platt College, Alhambra, Vocational Nursing Program for the four - year period form August 25, 2017, through August 24, 2021, and issue a certificate accordingly.
2. Require the program to admit no additional classes without prior approval by the Board.

Rationale: Based on the most recent data available (January 2017 through March 2017), the program's average annual pass rate is **83%**, which is **10** percentage points **above** the state average annual pass rate. The program now has **five (5)** consecutive quarters **above** the state average annual pass rate.

An improvement plan was implemented by the program in late 2014, and again in early 2016. The program has made incremental progress to improve the annual pass rate for graduates who took the NCLEX-PN® Licensure Examination for the first time.

Many significant changes have been planned and implemented by the program, along with the improvement of annual pass rate for graduates who took the NCLEX-PN® for the first time. This supports the recommendation to grant full approval for this program.

Board staff will continue to monitor the program's effectiveness by tracking class admissions, the program's follow-up reports, the effectiveness of employed interventions, and the program's licensure examination pass rates each quarter.
