**Licensing Examination Statistics**

The following statistics, furnished by Pearson Vue and published by the National Council of State Boards of Nursing as “Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction” for the period January 2016 through December 2017, specify the pass percentage rates for graduates of the Homestead Schools Vocational Nursing Program on the National Council Licensure Examination for Practical (Vocational) Nurses (NCLEX-PN®) and the variance from state average annual pass rates.

NCLEX-PN® Licensure Examination Data			
Annual Statistics*			
Quarter	Program Average Annual Pass Rate	State Average Annual Pass Rate [CCR §2530(l)]	Variance from State Average Annual Pass Rate
January – March 2016	69%	72%	-3
April – June 2016	81%	74%	+7
July – September 2016	88%	72%	+16
October - December 2016	81%	74%	+7
January – March 2017	79%	73%	+6
April – June 2017	<b>60%</b>	74%	<b>-14</b>
July – September 2017	73%	71%	+2
October – December 2017	91%	71%	+20
January – March 2018	88%	73%	+15

\*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three-quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

California Code of Regulations section 2530(l) states:

“The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.”

Based on the data for the most recent period, January 2018 through March 2018, the program’s average annual pass rate is 88%. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® for the first time during the same period is **73%**.

**Faculty and Facilities**

Section 2534(d) of the Vocational Nursing Rules and Regulations states:

"For supervision of clinical experience, there shall be a maximum of 15 students for each instructor."

The total number of Board approved faculty is 29, including the program director, the director has 100% administrative duties; six of the instructors are full time and 22 instructors are part-time. Twenty-six of the 28 instructors are designated to teach both theory and

clinical, two instructors are designated to teach theory only. Two of the part-time faculty are additional faculty.

Based on a current and proposed maximum enrollment of **195** students, **13** instructors are required for clinical instruction; program is compliant with the regulations.

Section 2534 (b) of the Vocational Nursing Rules and Regulations states:

“Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.”

The program has clinical facilities as to type and variety of patients treated to enable current and proposed students to meet clinical objectives, including eight pediatric and eight maternal facilities that include two major hospitals therefore the program is compliant with regulations.

### **Other Considerations**

On May 13, 2016, the Board extended the program’s provisional approval for the period from May 13, 2016, through May 31, 2018.

On February 10, 2017, the Board approved the program’s major curriculum revision and revised policies. The curriculum was to be implemented with classes to commence on March 6, 2017, and May 8, 2017.

### **Recommendations:**

1. Approve the program’s request for full Board approval of the program and issue a certificate for the period of May 18, 2018, through May 31, 2022.
2. Approve the program’s request to admit one full time evening class of 24 students beginning May 28, 2018, and graduating June 14, 2019, to replace the class graduating May 18, 2018.
3. Approve the program’s request for one additional part-time day class of 24 students starting May 26, 2018, and graduating April 25, 2020.
4. Continue to require the requirement that the program obtain Board approval prior to the admission of each class.
5. Require the program, when requesting approval to admit students, to:
  - a. Submit all documentation in final form, and using the forms provided by the Board, no later than two months prior to the requested start date for the class.

- b. Provide documentation of clinical placements in a manner that is consistent with the Board-approved Instructional Plan.
  - c. Verify with clinical facilities the intended use of the facility prior to submitting documentation in support of the request to admit students.
  - d. Continue to monitor programs licensure examination pass rates.
6. Continue the program's requirement to maintain an average annual pass rate that is no more than 10 percentage points below the state average annual pass rate.

**Rationale:**

Program data confirms the program's average annual pass rate for seven of the last eight quarters has been in compliance with Section 2530 (l) of the Vocational Nursing Regulations.

The director and faculty of the program have demonstrated strong motivation and commitment to the program and student success by:

- Continuing to monitor and evaluate student progress
- Contacting graduates and implemented additional reviews in preparation for licensing exams.
- The implementation of the approved revised curriculum with the class of March 6, 2017, in addition to:
  - Implementation of revised policies
  - Implementation of evaluation methodologies for theory and clinical rotations
  - Implementation of simulation to increase student proficiency in Obstetrical and Pediatric Nursing content and skills.
